

Copper Tube

World Class copper tube

The best plumbing fittings in the world are no use if you don't have the best quality pipe. We believe UK manufactured copper tube is the best in the world.

The nations copper specialist

We recommend Lawton Tubes, a family owned business that have been at the forefront of copper tube manufacture since 1920.

All UK manufactured tube we supply is manufactured in the UK in accordance with the European Standard EN 1057. To view the [approval certificates click here](#)

We stock 15mm to 159mm diameter tube in 3 metre lengths. 67mm, 76mm and 108mm are also available in 1 metre lengths. 6 metre lengths are available by special order.

Shipping

3 metre & 6 metre length orders can be collected from our warehouse in Glasgow.

We can arrange for 3 metre length orders to be shipped from our warehouse.

We can also ship tube via UPS in maximum 1.5 metre lengths for next day delivery to most UK postcodes.
